Wilson Street Section Due for Paving Next Month

BOROUGH SEEKS PETITIONS FOR MORE CONSTRUCTION

By ROBERT E. HOYER
(Mercury Staff Writer)

The first bite will be chewed out of Pottstown's \$100,000 street-improvement program next month. The paving of Wilson street from Logan to Spruce streets will cause the first expenditure under the bond issue approved by council this past week.

Borough Manager Horace B. Gulden last night predicted work on the 800-foot section of Wilson street will begin by the middle of May.

He said the borough will advertise for bids next week, and that bids will be opened approximately ten days later. Contracts for the job probably will be awarded on May 11 by council.

Council received a petition from residents on Wilson street between Logan and Spruce streets requesting new street construction.

E. J. BRENNAN, Warwick Settlement, contractor, recently completed work on Wilson street between Adams and Washington streets.

Gulden said, "We're looking for petitions. I'll provide petitions to anyone who wishes to take them around and get them signed. "Anyone interested in securing petitions can see me at borough hall."

Council's \$100,000 bi-partisan program can be used to pave streets without petitions, but highway-sewer committee has requested residents petition for new construction in order to assure prompt payment.

North Coventry Tax On Property Slashed 6 Mills by Directors

Property tax in North Coventry township has been reduced by six mills despite a \$197,028 school budget for the next fiscal year.

The old tax of 29 mills last night was pared to 23 mills by school board. The decrease was made possible by the reassessment of township properties, in conjunction with a county-wide reassessment program.

The new budget is approximately \$12,000 larger than the \$185,000 budget of this past year. The State will make up approximately half of the additional \$12,000.

The major cause of the increased budget is the State mandated salary boosts to teachers.

DIRECTORS VOTED to maintain the \$12.50 per capita tax and to continue the 1 percent real estate transfer tax.

State grants to the district will be made for transportation, teaching, vocational agriculture, closed schools and nurse services.

The budget increase is in line with general increases in all area school budgets.

The trend in recent years has been to increase assessments and lower the millage.

DIRECTORS AGREED to put new wire on the backstop at the baseball field on the Kenilworth playground. The playground is school district property.

The board voted a note of thanks to C. Donnell Marshall for (Continued on Page Ten)

Toddler Tumbles — Not Taking Tumble

An eight-month-old Sanatoga baby amazed her parents yesterday by pulling herself to her feet by the living room sofa and staggering across the room without a tumble.

Little Bonnie Lynn Sell, daughter of Mr. and Mrs. Kenneth Sell, was only eight months old Sunday.

She beat the record of her five-year-old sister, Carol, who took her first steps at the age of nine months.

Mrs. Sell said, "Bonnie Lynn is a very active baby. We thought she would walk early by the way she would pull herself up in her playpen and try to take steps."

The little tot learned to walk herself, according to Mrs. Sell. "We didn't try to teach her," Mrs. Sell explained. "We just let her go on her own and soon she began moving around the playpen on her feet and holding on to the bars."

'MOSE' MOORE GETS MIXED UP IN CAR CRASH

Nope — He's Not Driving — Just an Innocent Passenger

The Pottstown area's best-known automobile driver, Norman "Mose" Moore, Pottstown RD 2, has been involved in another crash, but this time as a passenger, it was learned yesterday.

A car driven by Ervin Boronski, Pottstown RD 2, ran off Swamp pike into Munster creek about 9 o'clock Wednesday night.

The 26-year-old Moore, who is known to hundreds of area residents for his auto escapades on and off Sanatoga speedway, told several of them who stopped at the accident scene that, this time, he wasn't the driver.

The eastbound car skidded off the road at the end of a long sharp curve east of Swamp hotel. It bumped along wet turf for nearly 30 yards, then moved over into the creek.

IT TOOK A TOW truck more than an hour to free the vehicle, which was not damaged. Moore's license was suspended after a crash the past year, which led to a long search for him by borough police. Since then, borough police reported yesterday, Moore has been chauffeured.

The creek-dipped car was able to leave under its own power, and there was no damage to other property or other vehicles.

Police Locate Body Of Nine-Year-Old

LAWRENCE, Mass., April 16 (AP)—The body of Peter Akulonis Jr., 9, ninth victim of his crazed father's maniacal rampage yesterday, was found today in Draught nine miles from his home.

The body was found by State Conservation Officer Gordon Smith off the Lowell Boulevard—a route between Lowell and Lawrence.

Four of the victims—all members of Akulonis' family—were found hacked to death in a Lawrence tenement and two others in a Methuen tenement.

The slayer, Peter Akulonis, 39, a tinsmith, later killed his brother, Raymond, 31, in a parked machine, with a rifle as police closed in on him and then took his own life with another shot.

The victims included Akulonis' 72-year-old widowed mother, his wife, another son, two brothers and two nephews.

Auto Crash Results In Minor Damages

A sedan-coupe skirmish at High and Penn streets last night resulted in minor damage to the two vehicles.

William Fleck, Charles street, Collegeville, driving his sedan east in the first lane of traffic on High street, collided with a coupe traveling north on Penn street, operated by Robert Bechtel, 1111 North Franklin street.

Fleck told Patrolman William Myers he did not see the red light at Penn street and hit the car operated by Bechtel.

Bechtel said he had the green light at the intersection and drove onto High street and was hit by Fleck.

The right front fender, grill and bumper of Fleck's car were damaged. The front end of Bechtel's coupe was pushed in.

CADMUS HOLDS HUSKY WELDER AS HIT-RUNNER

Anthony Nogay Is Charged With Failing to Stop At Accident

WITNESS AT SCENE SAW YOUTH TOSSED BY TRUCK

A muscular welder who dropped charges of assault and intent to kill against a Douglassville RD 1 man more than a year ago, was held last night for Montgomery county court.

Anthony Nogay, 26, of Philadelphia, charged with hit-and-run operation of his 1932, three-quarter ton truck on High street Wednesday night, remained in the borough lockup early this morning in default of \$500 bail.

Despite repeated denials of the hit-and-run charge he was held for court by Seventh ward Justice of the Peace Richard H. Cadmus.

Patrolman Lorin Leuthold, arresting officer, and Lynwood Detweiler, 362 King street, who saw Nogay's late-model truck hurl a 14-year-old boy from a bicycle against a High street speed sign at 8:05 o'clock, testified against Nogay.

JAMES GIBBONS JR., son of Mr. and Mrs. James Gibbons, 1165 South street, refused medical treatment after he was struck by the truck.

The Philadelphia welder denied any knowledge of hitting the boy. He admitted having "two beers" and a sandwich before driving his truck east on High street.

On the night of Feb. 12, 1952, Nogay dropped charges of assault and intent to kill, against Obie F. Addison, Douglassville RD 1.

At a hearing before Douglassville (Berks county) Justice of the Peace Charles E. Temple, Nogay said he was dropping charges "because I think the man has learned a lesson and because I know he had a bad heart."

Area Farmers Look Skyward in Hopes Of 'Planting' Weather

The grass is growing thick in the meadows, clover and alfalfa are satisfying their thirsty pangs, but still the men of the fields aren't satisfied.

Pottstown area agrarians want green pasture land and will be happy to harvest thick fields of hay, but right now they're worried about a problem closer at hand.

Oats should be in the ground, and plowing for corn should begin in another few days.

With eager hands farmers have oiled their Spring equipment and polished Winter's tarnish from plowshares. But the weatherman hasn't been cooperative.

Kenneth was born with a malformed esophagus. He fought against tremendous odds to win a normal life. Back home now, he's reported in excellent shape, though probably a bit bored after a turn of big-city life.

HOME IS VICTIM 3

Gilbertville Porch Wrecked by Car; Driver Frees Self From Under Roof

The third porch of six homes in a row in Gilbertville to be hit by a car in recent years, was demolished yesterday morning, with total damage estimated at more than \$2000.

The porch was knocked down stop the 16-year-old car of 16-year-old Jack Levensgood, Pottstown RD 4. The porch was that of a three-story building owned by F. F. Kindlan, Skippack pike, Skippack, who is converting it into apartments.

The building was owned until three years ago by Gilbertville's Knights of Friendship lodge.

Linwood M. Johnson, Douglassville (Montgomery county) patrolman and constable, who investigated, recalled that about five years ago, the porch two doors east of this building had been hit by a car, and that eight years ago, the same thing had happened to a house five doors east of the lodge.

IN ALL three cases, damage was heavy, but no one was injured. Yesterday's accident happened at 8:51 o'clock. Levensgood told Patrolman Johnson that as he was driving toward Boyertown, his old coupe went into a skid on rainy Route 73 near the center of Gilbertville.

The coupe climbed an 8-inch curb (most are 6 inches), smashed over a 25 mile speed limit sign and then climbed the porch, breaking off two of the four sturdy wooden posts of the porch.

Abandoned Auto Causes Myslery

An empty car with a warm engine caused a brief mystery yesterday at Montgomery County park, near Green Lane.

Joseph Dallas, Perkiomenville RD 1, found the old convertible abandoned along Henning road, near the southern edge of the park, yesterday morning at 11:15 o'clock. Its radiator still was warm, indicating it had been recently left there. License tags were missing, Dallas said, and it appeared to be damaged.

Dallas notified park officials. In the afternoon, park officials reported two young men came for it, saying they had been pushing it along the road, not driving it.

SALES for the quarter were reported at \$96-million, an increase over the \$90-million shown in the last quarter of 1952, despite, substantially lower metal prices.

Physical volume of business exceeded shipments, the report continued, of a year earlier. Less than 5 percent of sales for the period were in so-called "defense" categories.

Both sales and earnings reported included those of the Doehler-Jarvis division for the month of March, 1953, only. "This division," the report said, "was formed on March 1 as a result of the acquisition of the assets of the former Doehler-Jarvis corporation."

Tax Census May Add 2500 Payers to Rolls

By MERCURY STAFF WRITER NORMAND FOIXIER

The tax census taken recently by the borough's school teachers may add as many as 2500 new names to the tax lists.

That could mean an increase of more than \$60,000 in annual revenue to Pottstown.

The figures released to The Mercury yesterday by Horace Y. Seidel, borough assessor, reveal that about 20 percent of the taxable persons in the borough were not on the tax rolls before the recent census was taken.

\$110 Looted as Seventh Ward Club Is Robbed Second Time in 2 Years

The Seventh Ward Social club, 646 Lincoln avenue, was burglarized for the second time in the past two years, it was discovered yesterday. Loot totaled \$110.

The crime discovered yesterday was reported to police by Eugene Hoover, 261 North Grant street, a club member. He told Plainclothesman Lewis M. Borgiet, who investigated, that the club closed at 1 a. m. yesterday and was reopened at 1:30 p. m.

Entry was made by taking out a basement screen on the south side of the cement-block building, then breaking a pane of glass over the window latch and opening the window.

Forty \$1 bills and \$10 in change was taken from the cash register, which the burglars jimmied.

FORTY DOLLARS in nickels and some bills were taken from a cigar box that was on the counter alongside the cash register.

A cigarette machine, juke box, candy, cigars and whiskey were not touched.

Police said the method of entry was almost identical to the one used by a young Pottstown man two years ago, when he stole money being saved in jars by boys. He was convicted and jailed for this crime.

It was the tenth Pottstown burglary or attempted burglary of the past 45 days. Targets have ranged from churches to a garage to a beauty shop.

The report was made at an annual meeting of the National Lead company stockholders yesterday in Sayreville, N. J. at 11 a. m.

President Joseph A. Martino said that the company's earnings during the first quarter of 1953 on a preliminary basis rose to about 54 cents per common share compared with the 41 cents earned in the same period the previous year.

"Business in all the company's lines contributed to the better showing," Martino told stockholders. "The indications, I can see today, are practically all favorable for the second quarter and promising for the rest of the year."

SALES for the quarter were reported at \$96-million, an increase over the \$90-million shown in the last quarter of 1952, despite, substantially lower metal prices.

Physical volume of business exceeded shipments, the report continued, of a year earlier. Less than 5 percent of sales for the period were in so-called "defense" categories.

KEY OF Plainclothesman Lewis M. Borgiet's brief testimony was that "a witness" (Mrs. John Koury, who lives at 115 South Pine street) had seen Roschetz go in and out of the church at noontime Monday and had written down the license number that led to his arrest in Philadelphia.

Borgiet also said that this witness had identified Roschetz.

Borough police reported that Roschetz has a criminal record.

They are continuing their investigation of whether he is implicated in other local burglaries, particularly those involving churches.

O'Donnell waived any defense. His client has steadfastly refused to agree with police that he is the man.

Providing the service are, left to right, Mrs. Kyrin Shaffer, at whose home the dinner took place; Mrs. Josephine Hoffman, class president; and Mrs. Henrietta Eddy, teacher of the class. The Rev. Pastor Keeps the Secret, So Wife Is Surprised at Class Farewell Dinner

The pastor was in on the secret, but his wife was surprised—and pleasantly so.

Thirty members of her Sunday school class feted her at a surprise farewell dinner last night at the home of a class member.

The dinner was given for Mrs. Donald T. Floyd, wife of the pastor of Trinity Evangelical church, who with her husband is leaving soon for a new charge after eight years at the Pottstown church.

Members of the Rainbow class, Trinity church's Sunday school group for married women, had quietly informed the Rev. Floyd of their plans in advance, so he knew what was in store as he and his family drove to the home of a Rainbow member early last night.

BUT MRS. FLOYD thought they were only stopping at the home of Mrs. Byron Shaffer briefly before going to a restaurant for dinner. She was taken completely by surprise when she walked into the house at 424 Lincoln avenue and found herself greeted by the assembled fellow class members.

Members of the class entertained the Floyd family with a fourteen dinner of meat loaf and home-baked beans brought to the home in covered dishes and with gifts and songs.

Mrs. Peter Wilhelm, past president of the class who presided during the informal program, presented a lap tray set to the pastor's wife as a farewell present from the class.

SHE ALSO gave a short talk in which she reminisced about the eight years of fellowship the class had enjoyed with the Floyds.

Mrs. Henrietta Eddy, teacher of the class, led in group singing of familiar choruses, and the Rev. Floyd offered the opening and closing prayers.

"It was the best turnout the class ever had," Mrs. Eddy

said after the dinner.

Also entertained with the pastor and his wife were their children, Donald Jr. and Janet, and the Rev. Floyd's grandmother, Mrs. Sara Temple, who is here from Reading for a visit with her grandson's family.

Rainbow class members on the

committee which planned the dinner were class president Mrs. Josephine Hoffman, Mrs. Beatrice

Koppenhaver, Mrs. Gilbert Roberts, Mrs. Joseph Mitchell and Mrs. Byron Shaffer.

Arlene Shaffer, daughter of the

hostess, and Phyllis Sweetwood, another Trinity Sunday school

member, helped serve the dinner.

But the pilot light had gone out. Firemen estimated damage from the blast at \$500.

If it were possible to heal sorrow by weeping, and to raise the dead with tears, gold were less prized than grief.—Sophocles.

Calling the Shots

A fractional decline in the cost of living coincident with removal of price controls is gratifying. It is also contrary to the forebodings of many experts who believe in control for control's sake.

The old law of supply and demand in a free market is now calling the shots on prices.

And, while at the moment the trend appears slightly downward, no one can tell with certainty what may happen next week or next month.

The important thing is to avoid judging the virtue of the free market on the basis of the price level at any given moment.

Above all, we should get over the idea that removal of controls amounts to no more than a trial period during which prices must behave as we think they should or controls will again be clamped on—the natural inference being that controls are some sort of an ace in the hole.

Actually controls are nothing of the sort. They have been removed because they were unworkable. Their long-pull effect on prices is illusory.

The only workable and fair arbiter of price is the free competitive market in which thousands of producers and distributors vie for the favor of consumers.

Our present high standard of living is the result of competitive forces that brought about the magnificent concept of low-cost, high-volume operation which may be seen today in any large industrial concern and in tens of thousands of retail stores of every kind and description.

When you walk into a chain store supermarket or modern independent retail concern you are confronted with the miracle of mass-production and mass-distribution—both of which are uniquely American because only in America has the ideal of the free market flourished to the maximum extent.

Food is Cheap

A short time ago Dr. Earl L. Butz, head of the Department of Agricultural Economics of Purdue university addressed a meeting of the farm equipment institute. He emphasized certain facts that should be far better known than is actually the case.

First of all, he said, "Food is not expensive. There is no country on the face of the earth today where the working man spends so small a portion of his working day earning the food he eats than in America. Food is cheap, and it is getting cheaper."

Dr. Butz then went into the causes that lie behind this. He observed:

"We are now feeding our population on science and technology. We have increased our total agricultural output in the last three decades 55 to 60 percent, on the same acreage we had."

"I dare say fully two-thirds of that increase was due to application of science and the advanced technology associated with mechanization and electrification."

"Even so, the scientific frontiers of American agriculture are barely scratched."

At this point he cited a number of common foods, including bread, bacon and milk, which cost the average worker less now, in terms of the working time needed to buy them, than they did in past years.

He added: "Science and technology and mechanization have been applied to the process of producing food to put it on the American table cheaper than consumers anywhere else in the world can get their food."

It is certainly clear from this that the machine has not only transformed the business of farming, making it a far more profitable and attractive undertaking than it ever was before, but has been a boon to the consumer as well.

In agriculture, as in industry, more and more mechanization has been the key to progress.

Where the Money Goes

DO you ever kick about the high cost of food and other goods? You'd be wiser to kick about the high cost of government.

Last year the average American family of four had an income of \$3,400.

It paid out \$1,100 of it in direct and indirect taxes.

That \$1,100 would have been enough to buy a \$21 basket of groceries each and every week of the year.

Dear Sir 'n' Brother:
Wal, I see by the papers where a fugitive, sought by London police, was found wearing a purple-striped overcoat. Probably disguised as an awning.

A West coast telephone official predicts we'll soon be carrying pocket telephones. That'll pose a problem - to let 'er ring or stop and answer the phone when crossing a busy street.

And say: A Senate commission which spent nothing for 20 years has been abolished. Too good to last!

Hopla! you air the same.

Pottstown Area's Finest

Hope for the future lies in our schools. The Mercury is publishing pictures of the Pottstown area's finest, the children in our schools. Every day a new room of school children will be shown here. Save the series, and enjoy them anew in future years.

Above is the Fifth grade class at St. Gabriel's Catholic school, Stowe. Boys and girls in the first row (from the left) are Robert Fontana, James Strock, Mary Catherine Polokiewicz, Catherine Shemansky, Dennis Segner and Barbara Sematis. From the left in the back row are Elaine Fontana, Anna Birmingham, Marie Panfilie, Thomas Palladino and Andrew Molitoriz. The teacher of the class is Sister S. M. Carmella. County Planner Will Address Republicans

Limerick township Republicans have invited the public to an address by LeRoy Little, director of the Montgomery County Planning commission, on Thursday, April 22.

J. Allen Minnich, chairman of the club, reported "all residents have been invited to attend." Little will speak on the laws which regulate fourth class districts (second class townships).

"Although the meeting will be sponsored by Republicans it is open to everyone. It is a civic meeting and we hope to have a good attendance," he said.

The session will begin at 8 p. m. in the Limerick Fire hall.

Wheat found in Mesopotamian tombs dated about 5500 B.C. is of an advanced type which experts believe must have resulted from long ages of culture.

Lad Sees His First Business Effort Burn As Fire Kills Chicks

A 13-year-old boy who launched himself on his first business venture with 25 baby chicks saw his enterprise go up in smoke yesterday.

Carroll Hine, son of Mr. and Mrs. Hunter R. Hine, Sunnybrook road, Sanatoga, bought the chicks 15 days ago and had them up to more than a pound already, when flames razed the chicken house and killed all the chicks yesterday morning.

According to the boy's father, the fire was started by a faulty electrical connection in a heater. Flames started at about 8 a. m. Hine estimated damage at more than \$100. The chicken shed was about eight feet square.

12 High School Pupils Take Tests Here To Help Them Pick Future Careers

Only 12 out of 34 pupils at Pottstown Senior High School showed up for the tests yesterday morning to take special three-to-five day tests designed to help them make their choice in choosing a job. The results of the tests, the pupils' ambitions will be correlated with his training and interests.

The large number of absentees was probably due to the fact that classes for yesterday and today were called off because of the snowstorm in Philadelphia.

The majority of teachers in the Pottstown public school system were expected to be attending the conference at the University of Pennsylvania.

The 12 pupils were given a battery of general aptitude tests by the Pennsylvania Employment Service under the direction of Earl Heat, employment counselor.

The tests have been sent to Philadelphia where the results will be sent to the pupils.

GI'S FIGHT OFF 2 RED ATTACKS IN WEST KOREA

200 Chinese Beaten Back From Pork Chop Ridge In Hot Battle

SEOUL, Korea, April 17.—American soldiers drove 200 Chinese soldiers off Pork Chop ridge today and smashed a nearby tank attack on the approaches to the ridge in the West Korean front.

A United Nations force of 15 troops restored their positions on Pork Chop at 8:30 a. m. This was the first indication that the Chinese assault, which was launched after dark, Thursday, had forced the Americans off at least a section of the ridge.

The attacking Chinese streamed down Old Baldy, a key stronghold wrested from the Allies a month ago. They surged against Pork Chop ridge, swarmed into the trenches and clashed in savage hand-to-hand combat with the Americans.

A second Chinese force of 200 troops split off and assaulted West View, an Allied outpost, just east of Old Baldy. A U. S. first corps spokesman said American defenders hurled back the Chinese at dawn.

Probers Draw Blank As Senate Witness Refuses to Testify

WASHINGTON, April 16.—The Senate's internal security subcommittee today failed to find out what was happening at Harvey Cedars, N. J., but a man into a wall of silence from Nathan Gregory Silvermaster.

Silvermaster, a former Government economist once accused of being a Soviet agent, refused to tell the investigators whether he is currently active in a Communist spy ring.

He also refused to answer when asked if any Soviet officials have been visiting Harvey Cedars recently. He described the place as a town about 10 miles north of Atlantic City, situated on a strip of beach off the Jersey coast.

The gray-haired witness testified that he is now in the building business at Harvey Cedars in partnership with William Ullman, a White House aide, who once worked for the Treasury department, has been named in previous congressional hearings as a notable Red agent in Washington.

WHEN SILVERMASTER said a man named Ullman was his partner, subcommittee counsel Robert Morris asked if Ullman has any photographic equipment in Harvey Cedars.

DOBBIN MAKES COMEBACK

A sleek, 12-year-old sorrel named Bill has replaced a milk truck on a home delivery route in Marion, Ill. Two other horses are in training and will replace two more trucks.

Carl Ruzene, owner of the dairy, said replacement of trucks by horses is only partly an economic move. The main reason, he said, was because his firm wanted to return to the "friendly, old-fashioned way" of milk delivery. Trucks replaced horses in Marion in 1933.

Driver Roy Edmondson says Bill is a lot smarter than that truck and behaves better in traffic than some auto drivers.

CONFEDERATE VET SEES 108TH YEAR

AUSTIN, Tex., April 16.—To the 108th anniversary of his birth, some times and Strauss tonight against him seem like his life is less than 30 years. Sometimes it seems like he was in Vietnam in 1941 because of Nazi associations.

The concert was generally accepted.

Police guards were in evidence and some tension was felt before the concert was played to a capacity audience. Israeli newspapers had hinted that trouble might develop.

In answer Heifetz said only artistic considerations should be valid in drawing up concert programs.

HEIFETZ PLAYS COMPOSITION IN SPIRIT OF WARNINGS

Pay-Cut Hints Raise Havoc in Helsinki

HELSINKI, Finland, April 16.—Business life in Helsinki was thrown into turmoil today by a newspaper report of a secret government proposal for sweeping wage and price cuts.

Sources close to the government said they believed the proposal, which appeared in one newspaper leaked out through the leftists, who bitterly oppose wage cuts.

Cabinet members were hurriedly called with many telephone calls from businessmen complaining the disclosure had caused a business standstill.

THERE IS no use denying that this indiscretion has caused grave damage to our economic life. Premier Uuno Kiekkonen told reporters.

Kiekkonen's coalition cannot have been torn by sharp discussion over economic policy.

Oley Legion Band Sets Concert for Sunday

Oley Valley Post 678 American Legion band will conduct a concert Sunday afternoon at 2:30 o'clock in the Oley High school auditorium.

The feature of the program will be four selections by Dr. Peter Blav, municipal director of music in Hagerstown, Md.

The Legion band won first prize in competition with 100 other bands at the State firemen's convention in Harrisburg in 1940 and won first prize in the Armistice Day parade in Allentown the same year.

'Sponsors' Club Holds Dedication of Plaque

Birdsboro Sponsors' club and the Community Memorial group announced a plaque to the memory of the late Henry M. Williams at a ceremony yesterday.

Mrs. Kathryn Williams, widow of the man whose memory was honored, made the presentation.

The plaque was unveiled by Suzanne Carol Mohr, great-granddaughter of Williams.

Others of the family present were John Williams and Mrs. Charles Kellam Jr.

Israeli Delegate Hits Red Anti-Semitism

UNITED NATIONS, N. Y., April 16.—Israeli Abba Eban interrupted a U. N. debate on a Korean armistice with a verbal attack today to denounce attacks on Zionism.

His lengthy speech came in the 60-nation Political committee just after Poland had withdrawn its omnibus peace package and agreed to back a Western plan for Korean peace.

Eban said the question of world peace and anti-Semitism are inseparably linked. He denounced what he called evidence of anti-Semitism in Czechoslovakia, the Soviet Union and the Arab countries.

Uncovered Checks Are Defended as Credit Deal

PITTSBURGH, April 16.—A Mr. Lebanon businessman, accused of cashing checks not covered by funds described today his dealings with the Cecil Bank's cashier as regular credit transactions.

He is Joseph C. Joseph, on trial in U. S. District Court. Joseph testified the bank's cashier, the late John F. Wagner, kept blank notes signed by Joseph on file. If Joseph's funds did not balance the difference was charged to the notes, the defendant said.

Periodically Joseph received he and Wagner got together to balance the accounts and Joseph would sign new notes. Joseph is one of eight businessmen indicted on similar charges.

Another in the series of beautiful homes that make Pottstown warm

—Mercury Staff Photo

A major job of terracing was part of the improvement program at this home of Mr. and Mrs. Howard F. Evans at 11 West Eighth street. The house was built five years ago by Walter Golluh, Pottstown area contractor. The terrace originally went down to the street. Mr. and Mrs. Evans had a bulldozer cut it back, and they had the sidewalk, terrace steps and lantern post built. They also had the driveway cemented. Inside are the living room (at left), 25 by 18 feet; dining room, kitchen, bedroom and bath—all downstairs, and upstairs two more bedrooms and bath. There are fruit trees and rose bushes out back. Evans is a toolmaker for Doehler-Jarvis division. They have a son, Terry, 8.

Pottstown Portraits

A Quick Look at Your Neighbor

By NORMAN REED and LARRY DAVIS

CATTLE breeder Rufus H. Boyer, who after living most of his life on Boyer's road near Pottstown, has moved to a new home in a man of many enthusiasms.

As an artificial inseminator for Southeastern Pennsylvania Artificial Breeding co-operative he drives as much as 175 miles a day on his rounds among Montgomery and Berks county farms.

In spare time he raises steers, goats, onions and strawberries on the acre of ground surrounding his new home.

He built "White Oak Haven," the house where he lives with a wife and two lively boys, back in 1947, and they moved into it on New Year's Eve.

"People don't see any oak trees around here," the heavy-set but active Boyer remarked, "so they wonder about that name."

"We call it that because all the wood for the new house came from 209 oak trees on the Boyer's road homestead. It was enough to make a solid house if not a large one."

Calling himself a "wood butcher," Boyer denied a special knowledge of carpentry, but his wife Mildred recalled that he was a handy man with hammer and saw.

He's been a farmer, mail carrier and justice of the peace, too, in his time.

Now his chief sparetime interest is Brethren in Christ church, Stowe, where he is both councilman and Sunday school superintendent. He became interested in this work when he was made assistant superintendent three months after joining the church in 1948.

His wife, whom he brought here from Lancaster county, and his sons, R. Levene, 8 years old, and David, 7, attend Sunday school and church with him. The boys are also pupils at Upper Pottsgrove school. Boyer himself attended the old one-room Cedar Grove school, now converted into a chapel.

To learn his present occupation, he attended Pennsylvania State college's one week training course.

"You only get the fundamentals there," he said. "The work takes skill that you learn gradually."

He regards his work as a boon to farmers, who are saved the trouble of owning a bull when they subscribe to artificial insemination of their cattle.

They are assured of the finest sires for their young cattle without the danger of handling the robust male animals. As many as 1800 calves have been bred artificially from one highgrade bull, Boyer revealed.

"A farmer can breed for beef or for milk, as he prefers," the live stock breeder explained. "If he breeds for milk he almost always gets better producers through artificial breeding."

Boyer himself was responsible for breeding 3000 head in 1952. Sometimes he gave receipts for 29 cows in a single day.

The two steers he keeps in the small barn behind his house will be butchered soon for beef. The goat he keeps to provide milk.

"Did you know that goat milk is already homogenized when it comes from the animal?" Boyer asked.

"It's good for stomach ulcers, too, with its high butterfat content," he added.

He is still a justice of the peace and has been for the past 15 years. "Not actively anymore though," he explained. "Too many cops dragging people here all hours of the night, and I don't have the time either."

Another interest of Boyer's is the Farmers' National bank, Boyertown. He became a director there in 1943, succeeding his father.

FRED B. JAMISON, the owner of the Wedge inn along Route 422 in Douglassville, has a rare brand of humor in which he makes himself the butt of his own comments.

Take the middle initial in his name, for example. Jamison hasn't the slightest idea what it stands for.

"It's something I've never been able to figure out," he admits with a blank expression on his face. "If it stands for anything, it must stand for 'Bad.'"

He's a steak and sea food addict, could eat either one three meals a day.

His reflection: "I had to go into business to be able to afford my appetite."

Five years ago this month, he was married. Looking at his wife as though half-expecting an argument, he says of that event: "She thought she was marrying a rich soldier."

Jamison's knack of turning a neat phrase serves him in good stead in the retail food and liquor business. And therein hangs a short tale.

He is one of the very few in the tavern owners' clan who shuts up shop two hours before the legal closing hour. Since he bought his business in October 1951, Jamison has made a practice of turning out the lights and bolting the door promptly at midnight. His reason makes sense.

"It's plain good business."

The blond ("And boy is it thinning!") ruddy faced Jamison got into the trade by a roundabout route that began in West Chester.

He was born there on June 16, 1913, the son and one of two children of the late Fred B. and Esther L. (Poster) Jamison. He has an unmarried sister, Virginia, who lives at the Chester county seat. His father was a railroader and an active clubman all his life.

Jamison attended public school in West Chester and was graduated from High school there with the class of 1931 after studying a scientific course which emphasized the statics of structural steel.

During three of his four high school years he was active in athletics, earning himself letters in varsity football as an end and in track where he ran the mile and half-mile relays with broad jumping between races.

At 19 he plunked for himself and opened a soda fountain and dance hall for the High school and college set of the community. But after a year he gave it up "and I just stayed around the house."

When he was 22, he came to Pottstown and joined the Bethlehem Steel company in the punch department where he remained until he entered the Army in September 1942.

"I was a volunteer draftee," he says of that moment in his life. After seeing action with the 501st Infantry in France, Germany and Belgium, Jamison was assigned at the close of World War II to border patrol duty in Czechoslovakia.

For a six-month period near Pilsen, his unit and a Russian detachment shared the duty.

Of the Russians Jamison says now that "they appeared co-operative, and they were interested in wine, women and song. They didn't want to fight any more than anyone else did."

Out of the Army early in 1946, Jamison met his wife, the former Mary Elizabeth McHugh, of Rochester, N. Y., and married her in Baltimore on April 28, 1948. For two years beginning the same year, he was in partnership with G. Thomas Zellers in the management of the Merchants hotel.

Fond of traveling, Jamison is a card carrier by nature. He belongs to the Owls, Elks, Orioles, Moose, American Legion, Veterans of Foreign Wars, the Empire Hook and Ladder company, the North End Fire company, Liberty Fire company at Spring City, Linfield Fire company, Washington Fire company at Reading and the Fraternal Order of Police.

Jamison has a son and daughter, and Mrs. Jamison has a daughter by a former marriage.

Some of them were titled "North Carolina", "Doctor Doolittle Post Office", "The Young Pitcher", and "Betsey's Little Star", "Jinks of Jayson Valley", "Fairy Tales", "Empty House", "Little Women" and "The Secret Garden".

They learned how to make a cloud out of dry ice and how steam coming out of a tea-kettle makes a cloudy and fog is nothing but low clouds.

The state tree is Tulip Poplar, state bird is Mocking bird. The nickname is the "Volunteer." State Population is 3,318,000. Area in square miles is 42,366.

Clark Hughes put up two bird houses, one bird shelter, and one bird feeder around his home. Raymond Yost put up five houses and one bird feeder around his home. Gerald Haring has put up four bird houses.

The towhee was reported on by Gerald Haring and Barry Rhoads. We learned from their reports that its length is eight inches. We learned that its colors are black, white and brown. It is sometimes called the ground robin.

Next week Joan Overholtzer and Clark Hughes will report on the cedar waxing.

Tanya Marevity saw a sparrow building its nest by her window.

Wayne Pursel saw a purple crackle. Clark Hughes saw a ruby crowned kinglet. Larry Gerhart, Gerald Haring and Mary Gross saw cardinals.

Science Pupils Studying About 'Animal Homes'

By BENNIE TOSHER

In Mrs. Hughes' Third grade science, the children are studying "Animal Homes". They learned that rabbits make their nests on the ground in large fields. They also learned that the mother rabbit makes her nest where other animals can not find it.

The mother rabbit pulls hair from her body, in order to make a soft nest for her little ones. They also learned how many other animals build their homes.

Nicholas Petro has three baby ducklings. David Fietz has a new puppy.

Nicholas Petro went to Pottsville. Jean Ann Petro celebrated her 11th birthday.

Official Hits Rejection Of British Firm's Bid

WASHINGTON, April 16 (U.P.)—Harold F. Linder, a high State department official, today took issue with the Defense department decision to reject a British bid for electrical equipment that was almost a million dollars below the lowest U.S. offer.

Linder, assistant secretary of state for economic affairs, told a special investigating group of the House Agriculture committee that if specifications were met he thought the contract should have been awarded to the British bidder.

Linder's comment came in reply to a question by Chairman Adrien (R-Minn.).

Linder said, however, "If there were questions in the mind of the secretary of defense as to the adequacy of the British product then I can understand why he has asked for new bids." But he added: "It seems clear to me that the British bidders who are in a position to save this country one million dollars—and who were paying \$600,000 in duty—should have been awarded the contract."

Coroner to Study Death Of Bell-Strangled Girl

EBRENSBURG, April 16 (AP)—Camden County Coroner Joseph Govekar will hold an inquest April 28 in the strangulation of June Christoff of nearby Frugality.

The body of the 21-year-old Christoff girl was found Feb. 17 on the floor of her bedroom with a dress belt knotted around her neck. After an autopsy, Govekar said there were no other signs of violence.

June Christoff, 28-year-old brother of June, disappeared about the time of his sister's death. He was found after two weeks living in an abandoned coal mine. The former student at Carnegie Institute of Technology in Pittsburgh denied he had anything to do with his sister's death. Officials said they had "practically cleared" him.

Eisenhower Challenges Russia to Act, Not Talk Peace; President Is Stricken With Food Poisoning During Speech

WASHINGTON, April 16 (AP)—President Eisenhower today challenged Soviet Russia's new regime to prove its peace overtures are sincere by agreeing to global disarmament and by taking concrete steps to ease the tensions that threaten World War III.

"The first great step along this way must be the conclusion of an honorable armistice in Korea," the President said in a speech widely heralded as America's answer to the Soviet peace offensive.

EISENHOWER

Proposals in Brief

WASHINGTON, April 15 (AP)—President Eisenhower called on the new Russian regime today to show by action, rather than words, whether it is ready to end the cold war.

1. World disarmament, and limitation of military production.
2. International control of atomic energy, and prohibition of atomic weapons.
3. Limitation of prohibition of other mass destruction weapons.
4. Enforcement of all this by a practical system of inspection under the United Nations.

Eisenhower said that money now being spent on arms might better be used to combat hunger and poverty.

Once the path of peace has been clearly charted, once the fears of East-West strife have abated, Eisenhower proposed setting up a multi-billion dollar fund from the savings of disarmament to wage a new kind of war—an all-out global war against the brute forces of poverty and need.

For this purpose, Eisenhower suggested that a substantial percentage of the savings achieved by calling off the arms race should go into a fund for world aid and reconstruction.

Some 400 of the nation's leading editors voiced applause as Eisenhower addressed the American Society of Newspaper Editors in his first full dress speech on foreign policy since he entered the White House on Jan. 20.

THE PRESIDENT proposed that a Korean armistice should be followed by political discussions leading to "free elections in a united Korea."

He also called for an end to Red aggression in Indochina, and aligned against Peron, who sim-

REDS JOIN US IN UN APPEAL FOR ARMISTICE

Delegates Vote Together On Korean Issue For First Time

UNITED NATIONS, N.Y., April 16 (AP)—The Communist bloc suddenly ditched its catch-all peace plan today and joined the United States in a historic unanimous vote appealing for an early Korean armistice.

The vote was taken on a Brazilian resolution in the 60-nation Political Committee. Every member held up his hand. It was the first time the United States and the Soviet Union had voted together on a Korean issue.

The committee thus ended in smiling unanimity one of the bitterest debates yet held in the U.N. It avoided handing down any stipulations for an armistice, leaving the military negotiators at Panmunjom a free hand.

The delegates made a clear move to end the stalemate. They were anxious to move peace talks resumed immediately. They had gone home for the day before the report from Panmunjom telling of the U.N. proposal to have liaison talks Saturday or soon thereafter on reopening armistice negotiations.

BUT THEIR reaction in earlier reports that this move was about to take place brought only comments of honest satisfaction.

For pleasant feeling of unanimity continued during the afternoon with a parade of delegates in the decision as an omen for effective cooperation.

Ernest A. Gross, U.S. delegate, said the action is "heartening" and pledged that the U.S. will do its part toward a solution.

St. Gladys (Gladys) Brown said she hoped the new look of the Soviet police would continue.

Old Game, New Twist

PERHAPS NOBODY AS April 16 (AP)—Hans Anderson, 57, was standing on the corner today.

A car pulled up and a young beautiful woman got out to ask directions.

Suddenly she started hugging and kissing him. Anderson told police, "and then she told me I was a nice man and gave me a goodbye kiss."

"I was so excited and she was so nice that I didn't think about the wallet," he added. Anderson's wallet—gone of course—contained \$4.00.

Malan Wins South Africa's Election

PRETORIA, South Africa, April 16 (AP)—Prime Minister Daniel F. Malan swept back to power with an increased parliamentary majority in today's South African general election. The result signified a dangerous era ahead in racial relations for this member of the British Commonwealth.

With 14 seats in the lower House of Parliament still unsettled, the stern ex-preacher's Nationalists had captured 80.

Opposition leader J. G. N. Smit's United party held 57. The Labor party, co-opting with the United party, held four.

At LEAST 15 of the remaining 34 districts were expected to go Nationalist since they were mostly in rural areas where the Nationalists are strong.

The House has 19 members, but three are chosen separately to represent the 30 Cape colored (mulattoes) and one will be chosen by election later because a candidate died.

Allied Command Announces Readiness To Resume Korean Armistice Meetings

MUNSAN, Korea, Friday, April 17 (AP)—The UN command today said it was ready to resume the Korean armistice talks if the Reds will get promptly down to business on the last key issue—handing of Red prisoners who don't want to go home.

A letter turned over to the Communists at Panmunjom today.

1. Suggested Switzerland as the neutral nation to take custody of such prisoners—in Korea.

2. Went further than the latest John S. Fine had the key today Red offer by proposing a 60-day to end the three-week House dead time limit after which the neutral state would arrange the "peaceful" disposition of those who still declined quotation as names, said Fine must enter actively into the sales tax picture or face a long

3. OFFERED TO SEND lower level liaison officers to Panmunjom as early as tomorrow "to discuss matters incidental to reopening plenary sessions of the armistice delegations."

While today's move was made toward a possible truce in the nearly three-year-old war, the first of the Allied sick and wounded to be exchanged were waiting at Kaesong, just six dusty miles from freedom.

The letter handed over at Panmunjom today was from Lt. Gen. William K. Harrison Jr., senior Allied armistice negotiator, to Lt. Gen. Nam Il, senior Red delegate.

Nam earlier had asked the Allies to resume the full scale armistice talks.

NEARLY 50,000 of the 132,000 prisoners held by UN forces have said they would resist repatriation.

When the Allies broke off the truce talks Oct. 8, the Reds were demanding return of all prisoners.

THE GOVERNOR has remained strangely quiet during the House struggle on the sales tax. In December, however, he said neither a sales nor an income tax could pass the lower branch this year.

Fine has taken the attitude that "it is up to the House members themselves to devise a tax program to balance the budget."

The leader's reference to "pressure" by Fine underlined the Governor's powers in holding the talks Oct. 8, the Reds were demanding return of all prisoners.

State's advantage stems from

mandating return of all prisoners

Legion Women Hear Steel Walkout Idles 3000 at Gary Plant

GARY, Ind., April 16.—A walk-out of 450 employees at the US Steel Gary works coke plant made 3000 persons idle today.

About 2700 were employees of the Gary works. The remaining were workers in the company's sheet and tin division.

John Mayerik, president of Local 1014, United Steel Workers, said the walkout was caused by a company delay in acting on complaints of escaping gas from warped furnace doors.

Company spokesmen said the walkout was expected to end tomorrow.

The sale of the traditional poppies will begin on Friday, May 15.

It was also reported that ten members of the auxiliary aided in soliciting funds for Tuesday night's cancer drive of which Miss Mauger was captain collecting in the South-west sector of Boyertown and receiving \$183.75.

Members of the Boyertown Service Mothers, Wives and Sisters will be guests at the next meeting, April 28, which will include a covered dish social. There will be two special speakers at the meeting.

Call Her 'Madam'? Mrs. Hobby Says No

WASHINGTON, April 16.—Secretary of Welfare Oveta Culp Hobby has settled one of her major problems in Washington—whether she should be addressed as "Madam Secretary" or "Mrs. Secretary."

Walker Stone, editor-in-chief of Scripps-Howard newspapers, presiding at today's meeting of the American Society of Newspaper Editors where the secretary spoke, disclosed her decision. She will be called "Mrs. Secretary."

"In brief," said Stone, "her decision is: Don't Call me madam."

The Department of Health, Education and Welfare which Mrs. Hobby heads, later said her request to be called "Mrs. Secretary" was based on her feeling that the title of "Mrs." is a fine American word. She prefers that, the department said, to the more formal title of "Madam."

LEVITZ

212 HIGH STREET, POTTS TOWN

Try and Stop Me

By BENNETT CERF

THE PRODIGAL SON of a Brooklyn doctor came home from Texas with his 6-year-old son who promptly began to tell all the other kids on the block how wonderful the Lone Star State was, and how crummy everything in Brooklyn was by comparison. Finally one young Flatbusher (probably destined to be a manager of the Dodgers) lost his patience and said, "You've told us everything about this Texas of yours, but—What street is it on?"

A farmer whose parents came from County Cork, harvested such a fine crop of flax he held some aside to have a tablecloth made for his own use. When a lady from New York stopped off for dinner and admired the cloth he was mighty proud to say, "I grew the tablecloth myself, ma'am." "That's amazing!" exclaimed the lady. "How did you do it?" The farmer whispered, "Why, I just planted a naphkin."

PHS Trackmen in Ches-Mont Relays Today

The Pottstown High track team will attempt an ironman stunt today going after its third track victory in four days.

Coach Heeb Meyers will send his undefeated thirlclads into their toughest competition at Downingtown in the Ches-Mont Relays at 3 o'clock this afternoon.

This will be the third meet in four days for the Trojans but they took it easy yesterday and should be ready to roll against their C-M brothers. Only Bridgeport will be missing from the Class A entry list as Pottstown, Coatesville, the defending champ, West Chester, Phoenixville and host Downingtown go after the crown.

Meyers selected his six relay teams yesterday with Walt Fillman and Dave Gillis ready to run in three each.

The 440 relay team is made up of Fillman, Al Bodolus, Lloyd Hughes and Gillis. In the half mile relay, Carl Burns will replace Bodolus as the other sprinters will each run a 220-yard leg.

In the two mile relay will be Dick Bacchi, Herb Hartman, Ken Shaver and Bob Zeigler. Bacchi and Zeigler will also be on the mile team along with Carl Burns and Lloyd Hughes.

THE HURDLING team will be composed of Jim Kirk, Dick Fine, Jack Schrover and Bodolus.

Bob Santon will make his only appearance as the 110-yard sprinter in the medley relay. Gillis will take the baton in the 220 yard leg. Fillman in the 440, and Shaver will cover the half-mile distance.

Meyers had his runners practicing baton passing yesterday, a phase of the game that often plays an important part in winning and losing.

Fillman is undefeated in three straight 100 and hurdles events, and two 220 races. His personal streak as not in danger today but it will be interesting to see how he does against the league's best sprinters.

Gillis, who wore tape on his leg Wednesday to protect a bruise he suffered the previous night, appeared in good shape yesterday. He will probably anchor the sprint team with Fillman running the No. 1 position in the hope of building a fast lead.

Zeigler, who has won all three of his 880 yard runs, should be a strong anchor man for the two-mile relay team.

Trojans Meet Whippets Today in Postponed Game

Local athletes are beginning to know how Noah felt during his 40 days and nights of listening to the patter of rain on his ark roof.

The list of postponed baseball games is still only a puddle but high school coaches are beginning to worry that it will swell into a neck-deep pool before the season ends.

Pottstown High is starting to feel the water rise. A heavy rain fall Wednesday night soaked Franklin field and it was in no condition for use yesterday afternoon.

The Trojans will try again today to play host to Downingtown in a one-day postponement of a Ches-Mont league contest. The game is scheduled to start at 1:30 o'clock and if the weather holds its present course the field should dry in time.

THIS WAS the second postponement in the past week for the Trojans. They still have a game to make up with Coatesville. That one Ron Cheney and Merrill Shirey, the

Coach Ed Good would have liked to have played the game because the weather cleared during the morning, and except for a few light scattered showers the rest of the day was dry. But the field didn't recover quite so rapidly from the previous evening's down-pour and a postponement was called early in the morning.

The Trojans are anxious to resume activities after waiting more than a week since their last game. They had long hating practice sessions both Wednesday and yesterday and Good is pleased with the slugging of several of his players.

He feels that he is blessed this year with an exceptional crew of

A VICTORY today will lengthen the string to 30 in a row, and 21 straight without a loss in league play.

The Trojan bench also has some handy men with the stick waiting around in case any of the regulars falter. Merrill Keeninger and Doug Moser are the first line replacements who will get the pinch-hitting calls. Bill Fisher, an infielder is another sub who has been connecting for distance in practice.

Along with Kriczky and Ricketts, the Trojans' outstanding battery for the past three years, will be Josh Sova, 1b; Fred Harvey, 2b; Bob Heath, Dick Burton and Ken Gibbs round out the 100-lb team along with alternate Ron Levan.

At the 85-lb level Rob Williams and Lin Walton will likely team with Drabinsky and Zelenak at the start. A mishap would insert either Hal Faust or Glen Klaus into the starting team.

PROUD FATHER of an eight pound son, Mickey Mantle, rising young star of the New York Yankees, passes out cigars to teammates Yogi Berra (left) and Allie Reynolds on a train to Washington, where the Yanks played yesterday.

Golden Cubs Defend Junior High Title In Track Relays

Champion twice-running right now, Pottstown Junior High sends its key-pitched quartets into the Ches-Mont league relay championships at Downingtown this afternoon calmly eyeing what is closer to confidence than to mere hope a third straight junior title.

Charley Wisner's Golden Cub sprinters just missed a complete sweep of the meet the past, coping three firsts and a second in walking off with the top prize. In winning out the year previous, Pottstown won one event, finished second in two others and third in the remaining race.

And nine who ran the past year in the Cubs' runaway will be back today for another try.

Paul Drabinsky and John Zelenak in the 85-pound 440 yard relay, Walt Harrison in the 100-pound and Ron Puhl, Ozie Hespeth and John Artime in the 115-pound class head the quarter mile four-somes.

Jim Gibbons, Ed Sobreski and Dick Rhoads, all leftovers from the past year's prize-winning group, form three-fourths of the open 880 yard relay team, while another returnee, Dennis Astheimer, is being held back as an alternate.

DON ENDY will round out the 880 team and Paul Zirkel is the other alternate.

In the 115-lb. 440, Dave Thomas is the other starter, while Larry Harvey is listed as the alternate.

Bob Heath, Dick Burton and Ken Gibbs round out the 100-lb team along with alternate Ron Levan.

At the 85-lb level Rob Williams and Lin Walton will likely team with Drabinsky and Zelenak at the start. A mishap would insert either Hal Faust or Glen Klaus into the starting team.

Kiner Trade Rumors Spread

PITTSBURGH, April 15 (AP)—Talk that home run hitting Ralph Kiner of the Pittsburgh Pirates may be traded was revived tonight after the Pittsburgh Post-Gazette said it learned that an official of the Chicago Cubs had talked to Branch Rickey, general manager of the Pirates.

The newspaper said Wild Marheis, personnel director of the Cubs, telephoned Rickey prior to today's 14-12 Pirate win over the Philadelphia Phillies.

Neither Rickey nor Kiner could be reached immediately.

Rickey has previously said he would trade Kiner, or any Pirate, if he could get what he called the "right deal." The deal Rickey has in mind is one which would get the Pirates more than money. The Mahatma declared he is more interested in obtaining players than adding to the Pirates' bank balance.

DESTRUCTION DERBY COMES TO SANATOGA

The Destruction Derby will again try to make its first appearance of the season at the Sanatoga Speedway stock car races Sunday afternoon.

Last Sunday's meet was called off because of rain after three weeks of fine racing weather. The slambang Derby crew was all set to go into business and now after another week of waiting are ready to tear into each other.

The racing program will consist of four qualifying heats, two semi-finals, a consolation and a thirty lap feature. More than 50 cars and drivers of the All Stars Stock Car Racing club have entered this motorized slug fest. Cars are getting faster, drivers smarter, and competition keener with every race on this famous oval.

The Destruction Derby provides more heart stopping thrills and rough riding, per square foot of race track, than any other form of motorized madness man ever devised. Four cars will start this event, three will be destroyed, the last man and machine able to run is the winner.

In the Destruction Derby, the idea is not to pass another car, but put him out of business any way you can, drive him through the fence, upset him, tear his car apart; there are no rules.

RACING WILL START at 2:30 o'clock and the Destruction Derby will be put on just before the intermission. This is to give the track crew time to remove the wreckage and repair the fences, before the running of the consolation and feature event.

Red Leshner, has a new motor and will be out after his first feature win of 1953. Mose Moore, has kicked his heating problems and says this one will be his. Other men just as capable and determined are Bill Ellis, Jim Ryan, Monk Kellier, Harry Moore, Dick Rodenberger, Mike R. and a p. Rocky Ewing and a host of others.

Kazanski to Orioles

PHILADELPHIA, April 16 (AP)—The Philadelphia Phillies optioned rookie shortstop Ted Kazanski to Baltimore of the International League. Kazanski is the youngster the Phillies reportedly paid an \$80,000 bonus to sign. Manager Steve O'Neill wanted Kazanski in Baltimore where he could play every day. Kazanski impressed the Phillies' high command in Spring training with his fielding, but failed to hit in major league style.

STEVE O'NEILL
MANAGER OF THE PHILLIES
WHO'LL GET A CHANCE TO SHOW WHAT HE CAN DO STARTING FROM SCRATCH

IF STEVE CAN KEEP THE PHILS GOING AT THE PACE THEY PLAYED AFTER HE TOOK OVER LAST JUNE THEY MAY BE BACK IN THE PENNANT BUSINESS. THEY WON 59 AND LOST 52 TO GO FROM 6-15 1ST UNDER O'NEILL.

WITH CURT KINSMAN'S HAVING THE BENEFIT OF SPRING TRAINING THIS YEAR THE PHILS COULD VERY WELL HAVE A PAIR OF 20-GAME WINNERS FOR THE FIRST TIME SINCE 1916!

EIGHT MORE SWIMMERS SIGN FOR Y TOURNEY

Len Bernhardt has received swimmers have notified Bernhardt eight more entries to the first annual Pottstown YMCA Swimming meet. They are Charles Moser, and Diving championships to be Thomas Minniga and Roger Hoff-field Saturday afternoon, April 25.

Interested swimmers have until tomorrow afternoon at 5 o'clock to enter.

In Class I for boys 10 years old and under, Jack Yergey, Don Giebe, and Nick Petro, all of Pottstown have signed up. Bernhardt also received an application from Charles Wood, an eight-year-old from Haddonfield, N. J., who swam with the Philadelphia Central YMCA prep team this past season.

Class II, for boys 11-13, is still wide open. To date only Clarence Egolf, Pottstown has entered. The strongest competition will be in Class III for the 14 and 15 year olds.

Several Coatesville boys have reported that they are interested in entering the aquacade which should grow with age. Just as Bernhardt's Silver Medal basketball tournament expanded in its second year, the swimming meet should follow suit next season.

Harv Haddix Marks, Slaughter Bats Cards To 3-0 Win Over Cubs

ST. LOUIS, April 16 (AP)—Harvey Haddix, 27 year old lefthander, pitched a four-hit shutout and Capt. Enos Slaughter belted a two-run homer tonight as the St. Louis Cardinals opened their home season with a 3-0 victory over the Chicago Cubs before 14,926 fans at Busch Stadium.

Haddix, called "The Kitten" because of physical resemblance and pitching mannerisms of the veteran Harry (The Cat) Brecheen, himself the author of a two-hitter today for the St. Louis Browns, walked only two batters and struck out five.

The Cardinals collected only five hits off Warren Hacker, talented Chicago righthander, but bunched two with an intentional walk and an outfield fly for their three runs in the sixth.

Solly Hemus, first up, complained that he had been hit by an inside pitch and, after the claim was disallowed, doubled to right field. He took third on Red Schoendienst's infield out. Stan Musial was passed intentionally, but Hemus scored on Steve Biko's fly. The 37-year-old Slaughter followed with his first hit of the season, a home run smash to the pavilion roof.

Dan O'Connell's Three-Run Homer Sinks Phils; Ryan Hot

PITTSBURGH, April 16 (AP)—by Bob Hall after giving up five Denny O'Connell's three-run homer in the fifth inning broke up the Pirates' bid for a second straight win and lost Tuesday at Brooklyn. Pirates a 14-12 home opening victory over the Philadelphia Phillies.

O'Connell's blast climaxed a 13-run assault in the fourth and fifth innings to the delight of 16,220 rain-soaked and blanketed fans who endured 40-degree weather to see Fred Haney's team win its first game of the season.

Connie Ryan, 32 year old second sacker of the Phillies, collected six straight hits, two of them doubles, to tie a modern Major League record for one game. The record is held by many players.

Twenty-four runs crossed the plate in the explosive fourth and fifth innings, the Pirates scoring 13 and the Phillies 11 before the fireworks subsided.

Both teams used five pitchers in the three hour and twenty-five minute contest that saw a total of 32 base knocks. Pete Castiglione also homered for the Pirates and Willie Jones for the Phillies.

Southpaw Howie Pollet started balls and an error by Hamner proved for the Pirates. He was replaced by Dickson. He was replaced by Dickson.

ZERNIAL BELTS HOMER Red Sox Blast Athletics, 11-6, on 19 Hits; Kell Gets 4

PHILADELPHIA, April 16 (AP)—double and three singles—a hit and Marion Fricano. Byrd was charged with the loss while reliever Ken Holcombe was given the victory.

The A's starter, Harry Byrd—American League rookie of 1952—was belted from the mound in the fifth as the Red Sox scored five runs. Rookie Johnny Mackinson followed Byrd to the mound and was succeeded by Billy Harrington.

Big Gus Zernial gave the A's what little consolation was available by slamming his first homer of the season onto the leftfield roof in the fourth inning.

The Sox' third baseman, George Kell, collected four RBIs with a

Metz Sets New Course Mark—61

VIRGINIA BEACH, Va., April 16 (AP)—Dick Metz, a golf professional for nearly a quarter of a century, established a new competitive course record with an eight under-par 61 here today to grab the first round lead in the \$12,500 Virginia Beach Open golf tournament.

The 44-year-old star from Maple City, Kan., was never over par as he moved methodically over the rain-soaked Cavalier Yacht and Country club layout and its 6063 yards. He picked up eight birdies along the way, three of them on brilliant punts of 12 feet or more.

Metz's 61 bettered by one stroke the course record set here in 1945 by E. J. (Dutch) Harrison.

WILLIAMS SENDS LUCK

PHILADELPHIA, April 16 (AP)—Posted in the locker room of the Boston Red Sox when they prepared for their first 1952 American league game against the Philadelphia Athletics was the following cable:

"Good luck in opener and best wishes to all."

The cable was from Ted Williams, Boston's slugging outfielder now on active duty with the Marine Air Wing in Korea.

The Red Sox won the game, 11-6.

Guide-Step Means Measured Fit

in 19 places not just 4

What determines the matchless fit of Guide-Steps? The wooden last (or form) over which they're made. Then what determines the shape and accuracy of Guide-Step lasts?

Measurement. But not the hand and tape measure method used on ordinary lasts. Instead, Guide-Step lasts are checked on the Contourgraph for 1/100 of an inch accuracy in 19 places, not just 4!

Such accuracy is the reason why today you can enjoy wearing these shoes that are based on 24 years of research, that are the only shoes designed to fit the feet in action, that give more comfort from the moment you try them on until the time (much later) when you need another pair.

Learn how better fit in Guide-Steps helps to reduce foot fatigue. Try a pair today.

US Senators Swap Sweet Nonsense As Spring Fever Sweeps Capitol Hill

WASHINGTON, April 16 (AP)—Spring has come to the US Senate. And love is busting out all over. Today's issue of the "Congressional Record" can be explained in only one way: It's that wonderful season.

For the Senators are full of love for the Swedes, for the noble red man who has such great respect for Supreme court decisions, for the scalp of Sen. Hill (D-Ala) and for each other. Especially for each other.

Sensors, even when they're locked in a verbal death grip, usually manage to work in adjectives like "distinguished" and "able."

But Spring has fetched forth these premises:

SEN. HILL, who had the floor for a speech on submerged lands, described Sen. Taft (R-Ohio) as:

"My good and wonderful friend. A great Republican leader. And love is busting out all over."

OKINAWA METALMASTER — Airman 1/c Raymond R. Richards, son of Mrs. Luther Weaver, 226 Vine street, Stowe, is serving with the Air Force in Okinawa as a metalmaster. He'll be 21 years old on April 25. He's been in the service nearly three years.

The samurai sword of Japan was a holy thing which required ritual purification by the smiths who forged it.

There was a reference to Indian scalping in the old days, but again Spring triumphed.

"I MUST SAY a kind word," said Sen. Humphrey (D-Minn.), "for the red man, the American Indian. He has always respected and abided by Supreme court decisions."

Hill said Indians have fine, sterling qualities.

Anderson broke in to say he was a little surprised that Hill should say anything about scalping.

"I thought," Anderson said delicately, "the Senator from Alabama had lost some of his natural resources."

Well, he was right there. Hill has hardly enough hair left to fuzzle a peach.

One question committee counsel Jonh Tobin asked was whether part of the \$60,000 went to Daniel A. Bolich, former deputy US revenue commissioner who resigned under fire in 1951. Bolich is now under indictment on charges of Federal income tax evasion.

Pleading their constitutional right to refuse to answer questions that might tend to incriminate them, the eight witnesses were:

LOUIS BERMAN of Woodmere, Long Island, N.Y., president of Hewitt Meats, Incorporated, and his brother, Philip, of Providence, R.I., the beneficiaries of the alleged tax "fix."

Leo Greenstein, Milton Hoffman and Monroe Tobias, New York accountants.

Max Halperin, Isadore Davis and Samuel Shopick, New York attorneys.

Tobin's questions pursued the line that the \$60,000 was cashed in a New York safe deposit box until the "fix" was in and the criminal tax case against the Berman brothers had been dropped.

Tobin told the committee a Federal tax agent filed a report on April 21, 1948, recommending prosecution of the Berman brothers for evading income taxes in 1942-44 and the Gotham Meat company, a Berman family partnership, for 1942-43. Criminal aspects of the case were apparently dropped in August, 1948.

REVENUE BUREAU records show the Gotham Meat company, no longer in business, owed \$156,000 in taxes and penalties, and the Berman brothers approximately \$77,000 between them.

Balked by the witnesses' silence, Chairman Kean (R-NJ) ordered transcripts of the testimony sent to the Treasury department and to New York authorities "for appropriate action."

8 WITNESSES WON'T TALK IN TAX FIX CASE

House Probers Are Baffled
By Constant Refusals
To Testify

WASHINGTON, April 16 (AP)—Eight silent witnesses refused to say today whether they figured in a \$60,000 fund transmitted to Henry (the silent Dutchman) Grunewald allegedly to "fix" a \$210,000 criminal tax case.

One after another, the sphinx-like witnesses sat mum as members of a House inquiry committee demanded to know details of the alleged pay-off.

One question committee counsel Jonh Tobin asked was whether part of the \$60,000 went to Daniel A. Bolich, former deputy US revenue commissioner who resigned under fire in 1951. Bolich is now under indictment on charges of Federal income tax evasion.
